

GEOMETRIJSKA

TIJELA

GEOMETRIJSKI

LIKOVİ

„Drugari, jutros smo dobili jedno neobično pismo. Stiglo je iz daleke zemlje koja se zove Geometrijsko kraljevstvo. U tom kraljevstvu žive geometrijska tijela i geometrijski likovi.

Ali dogodio se problem. Vrata kraljevstva su se zaključala, a ključ se razbio na tri dijela.

Kralj Geometrijskog kraljevstva nam je poslao poruku:

„Samo pravi mali matematičari mogu pronaći tri dijela ključa. Da biste ih pronašli, morate riješiti tri geometrijska izazova.

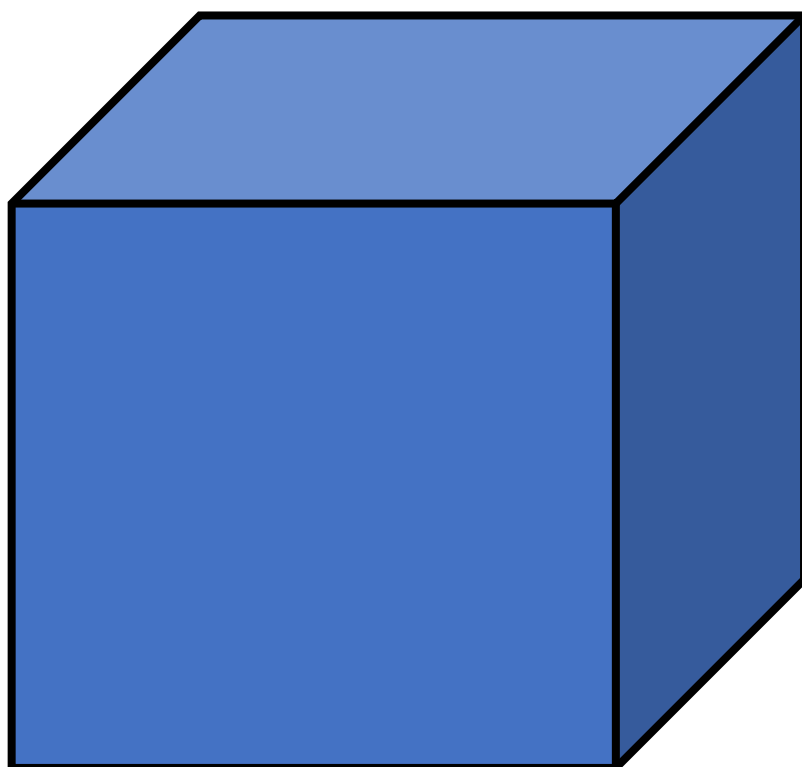

Prvi izazov krije se u čarobnoj vrećici.

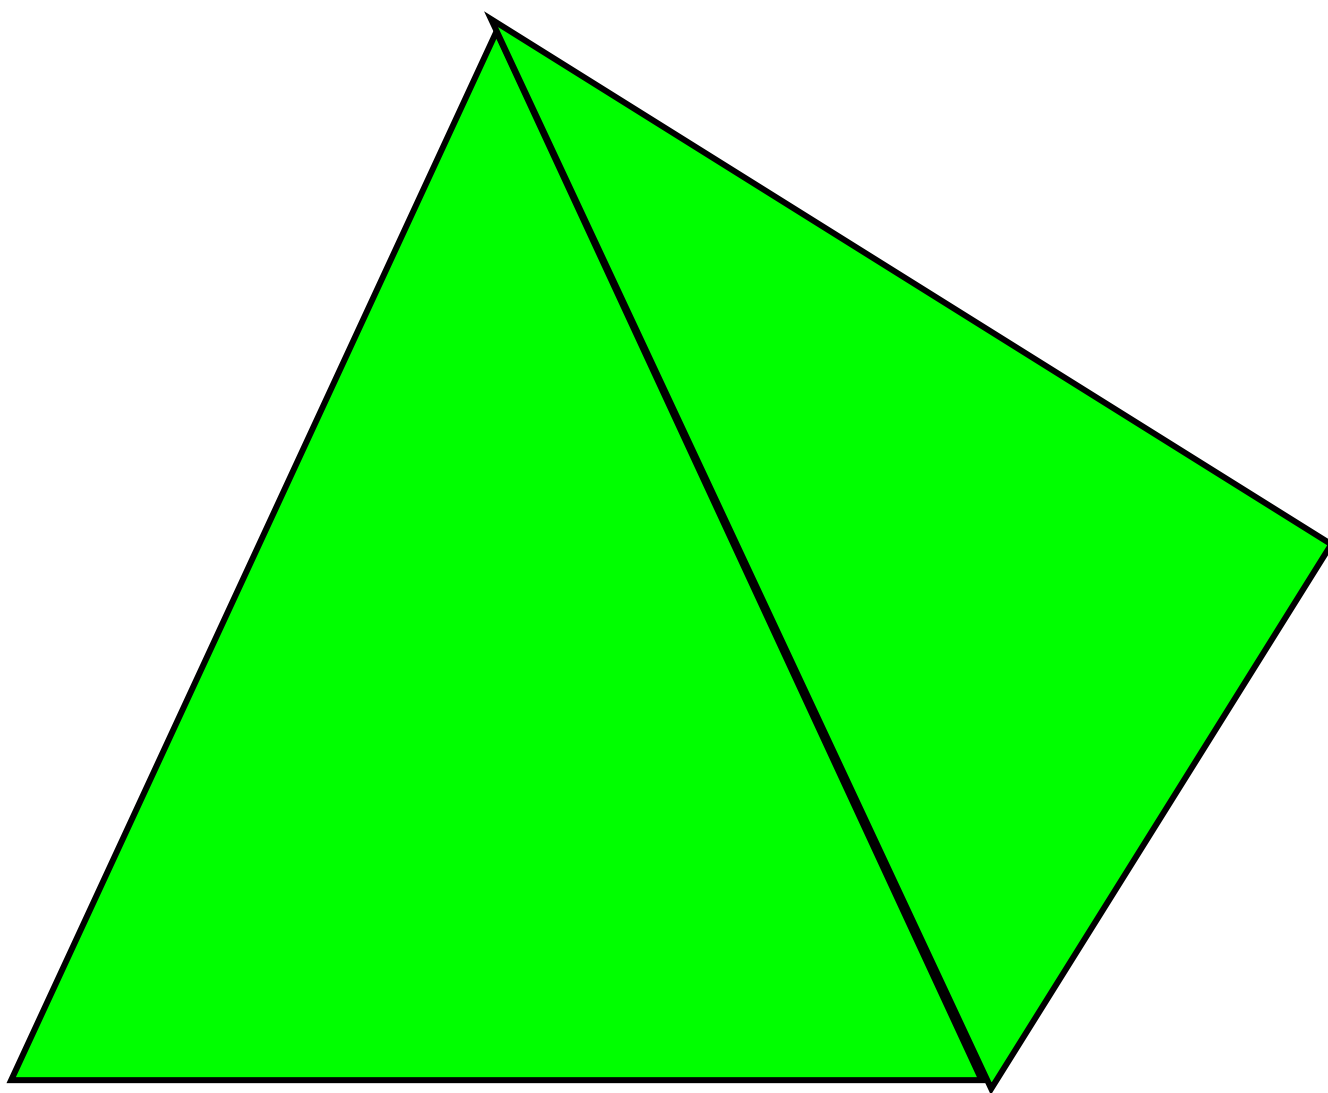

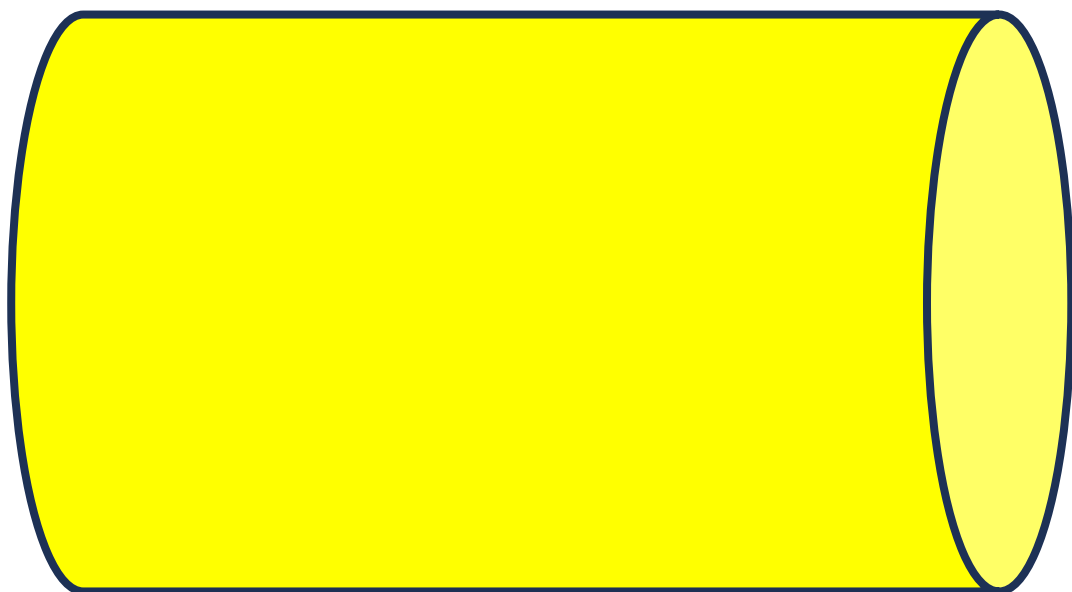

Drugi izazov je tajna slika od simbola – piktogram.

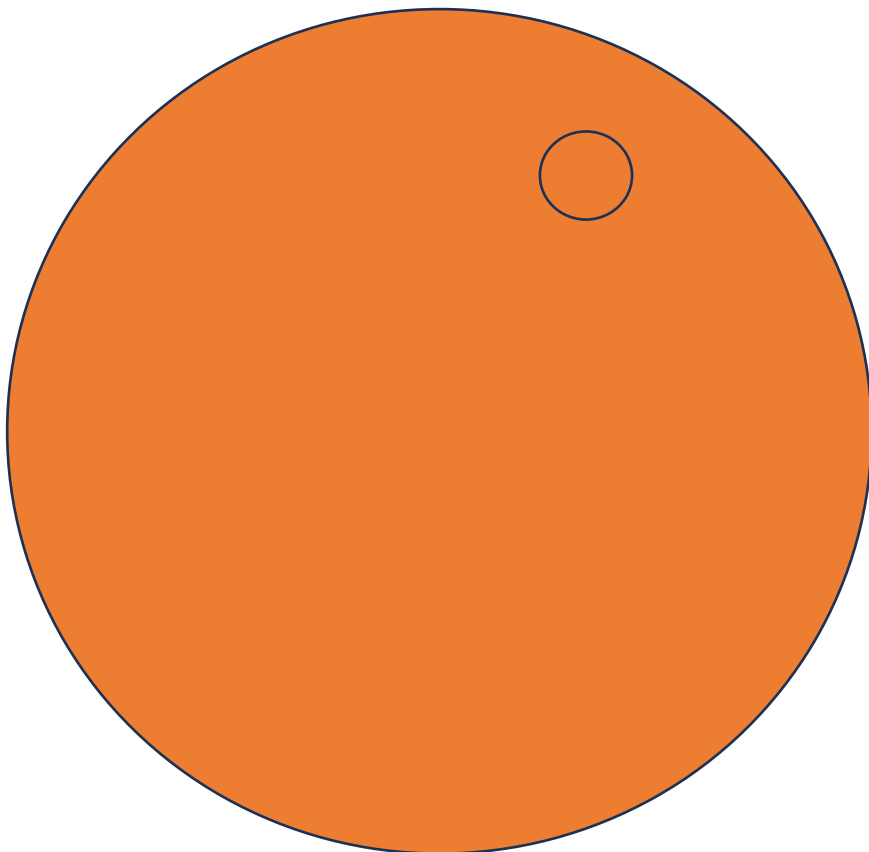

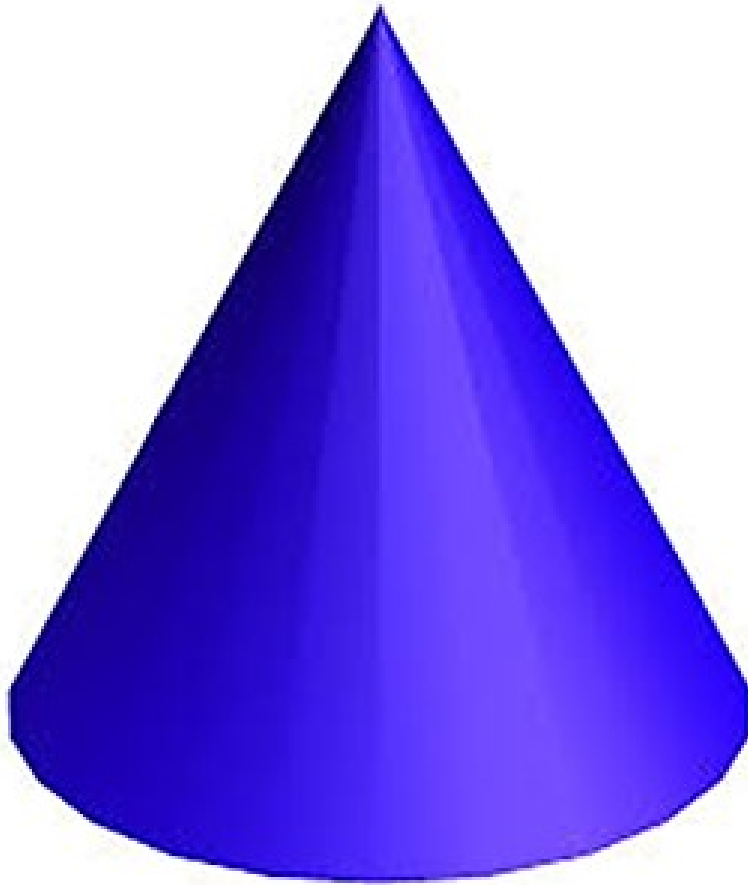

Treći izazov ćete rješavati kao istraživači geometrijskih tijela.“

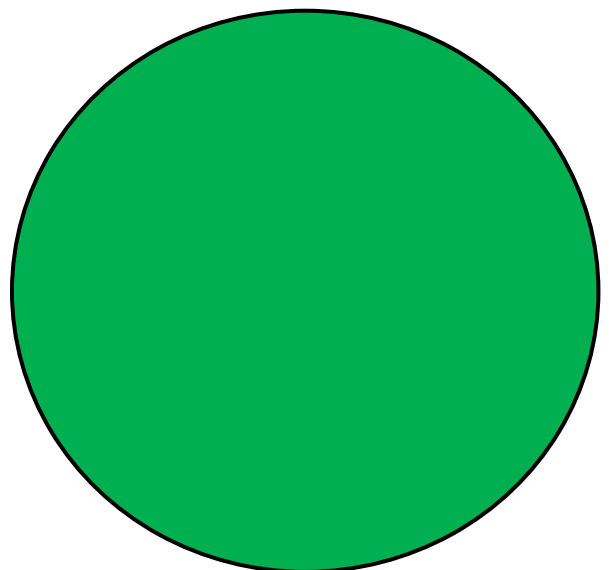

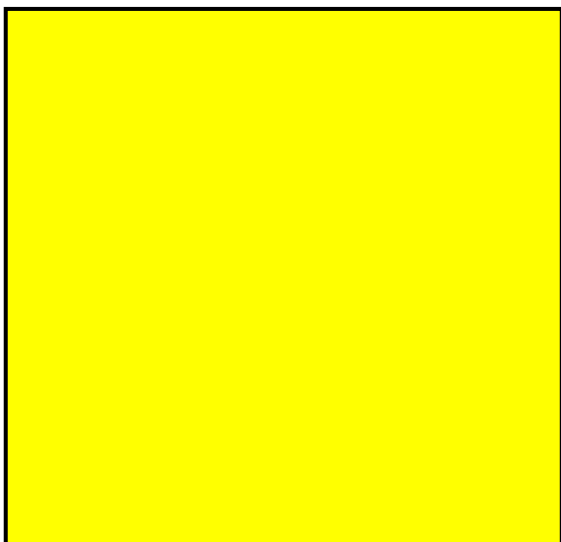

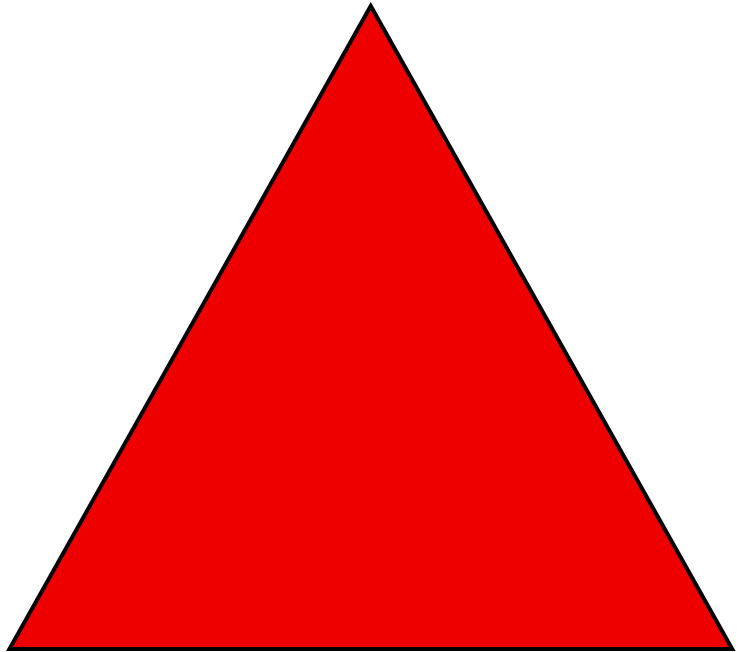

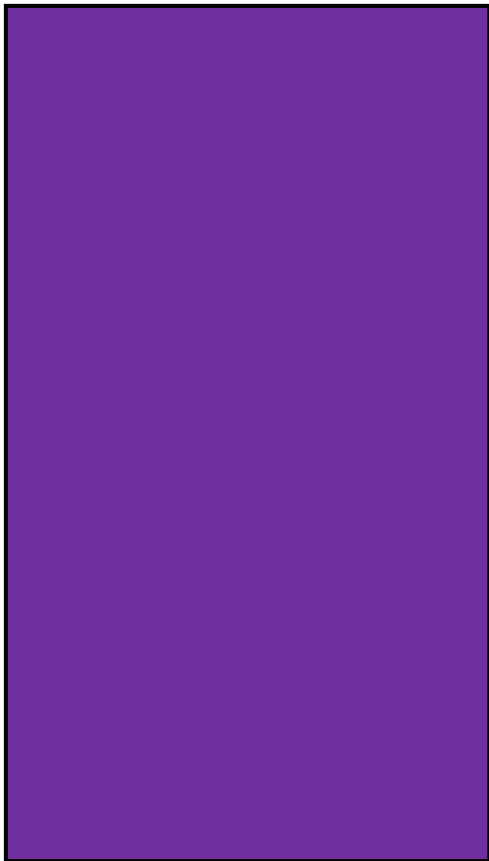

Ako najmanje 3 grupe uspiju riješiti sve izazove i sakupiti tri dijela ključa, moći ćemo otključati Geometrijsko kraljevstvo i otkriti šta se krije u njegovoj kraljevskoj riznici.

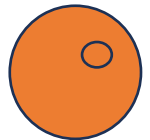

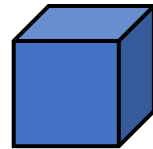

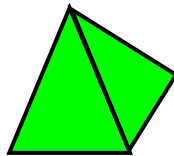

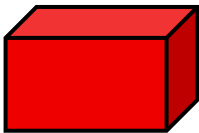

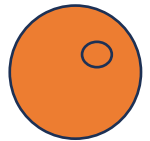

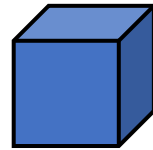

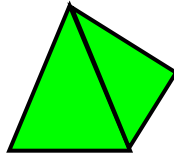

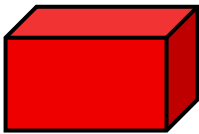

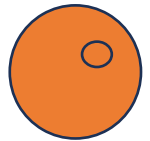

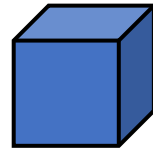

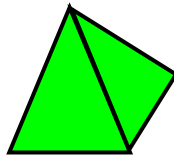

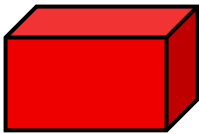

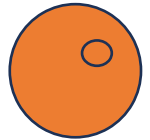

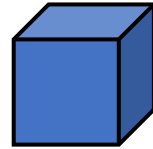

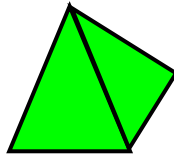

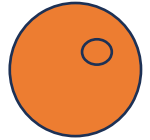

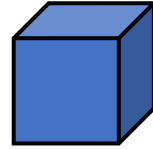

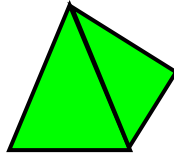

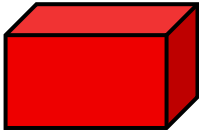

Ja sam za to, a da li ste vi spremni da postanete geometrijski istraživači?“

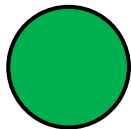

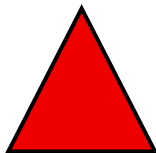

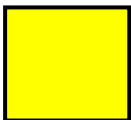

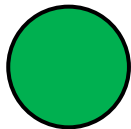

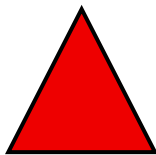

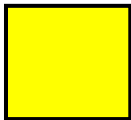

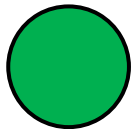

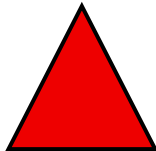

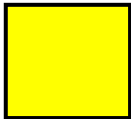

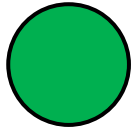

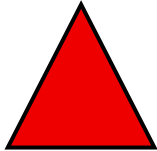

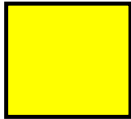

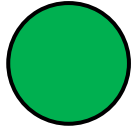

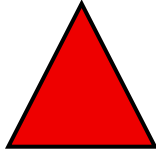

Geometrijsko tijelo ili lik - naziv	Piktogram

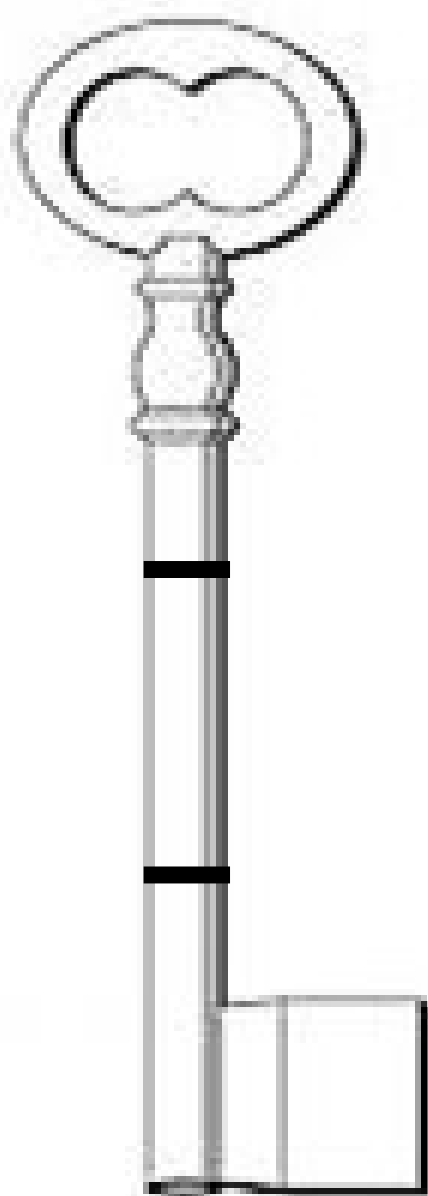

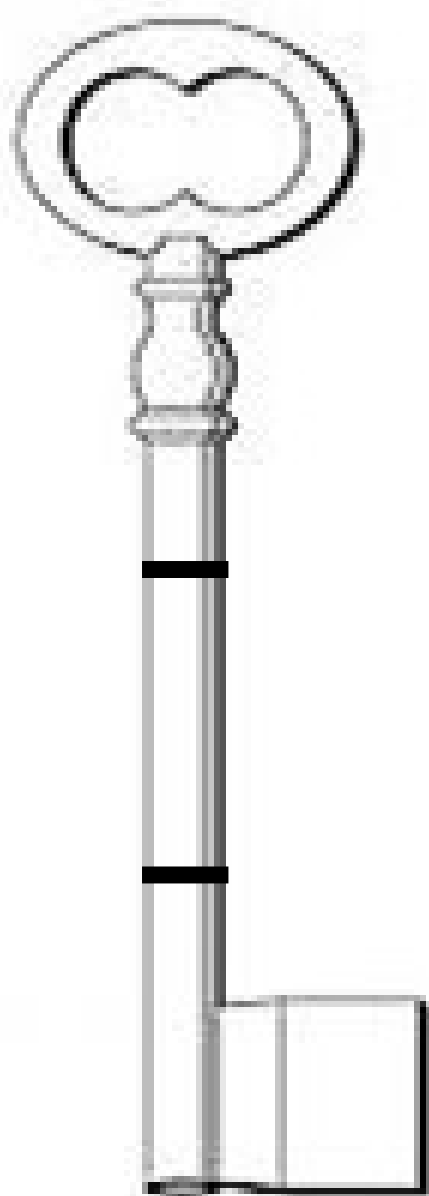

Tijelo	Strane	Vrhovi	Ivica	Kotrlja se?

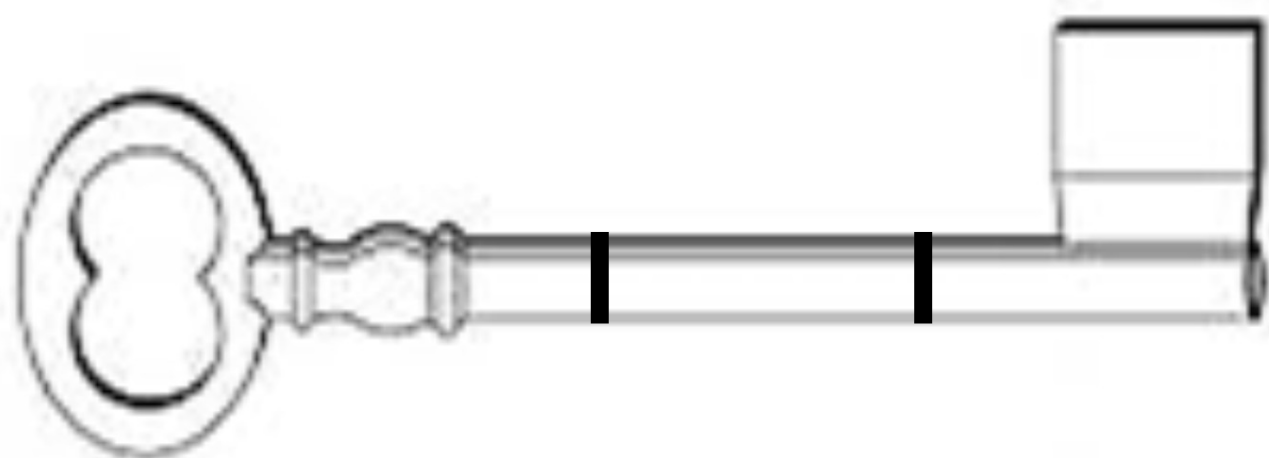

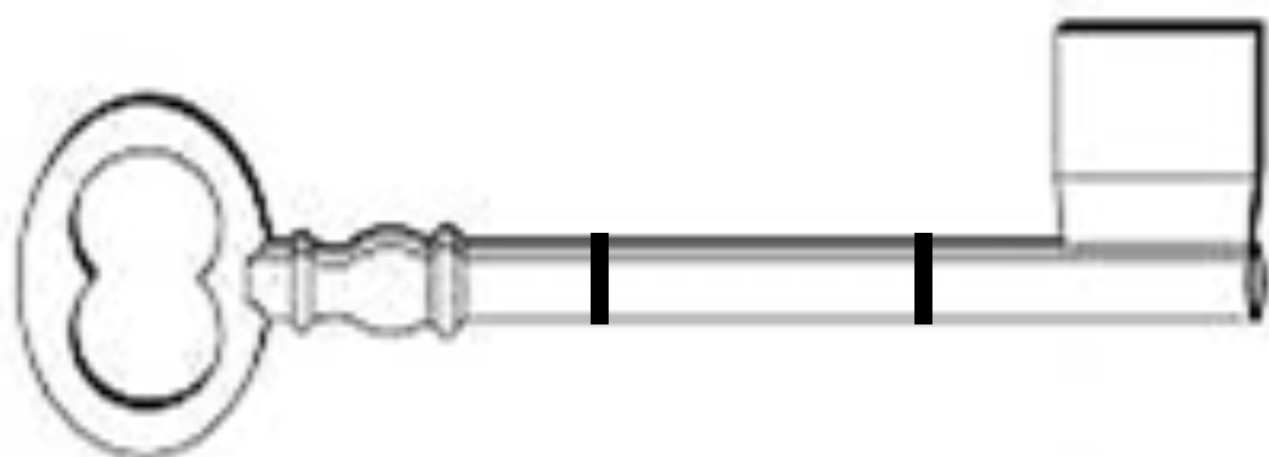

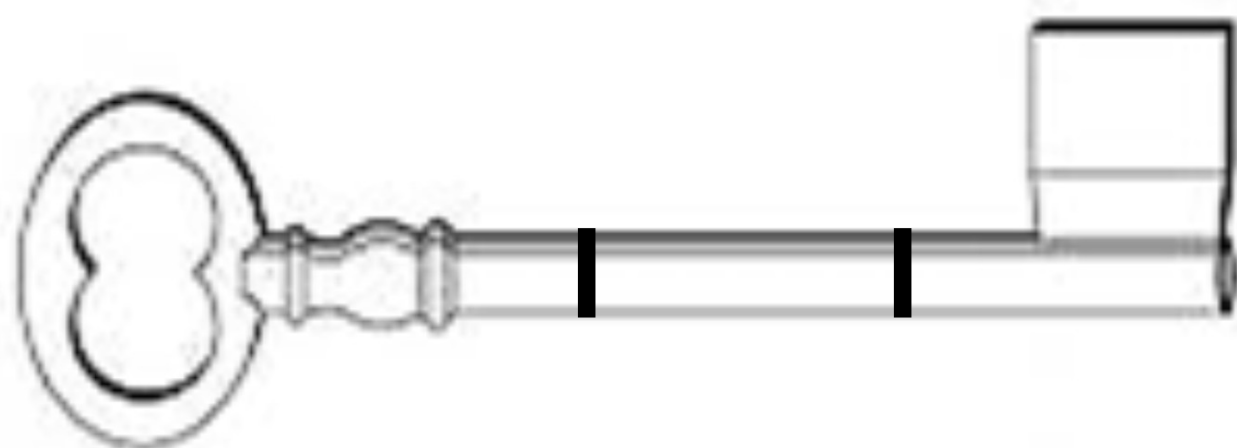

Tijelo	Strane	Vrhovi	Ivica	Kotrlja se?
